## 2019 NDHA BREEDER OF THE YEAR: MIKE STROH, KILLDEER, ND

Mike Stroh grew up in Killdeer N.D. raising registered Hereford cattle with his father Tony. The primary focus of the ranch was to raise bulls and females that fit into the tough conditions that western North Dakota throws at ranchers and their families. Today, along with his wife Dawn and two sons Lucas and Matthew, he continues the Hereford tradition started by his father - the goal remains the same and the cattle he procures show it! He has owned bulls with, Cooper Hereford Ranch, Stuber Herefords, Baker Herefords Marvin Feddes and sons and Thorstenson Hereford Ranch.

Mike belongs to the North Dakota Stockmen's Association and the North Dakota Farm Bureau where he was very active, even attaining two terms as Dunn County Farm Bureau President. He believes that the best way to make a difference is getting involved, which is a key component in keeping our ranching industry alive. Mike was extremely pleased with his time on the Dunn county Farm Bureau board. Mike is very passionate about good Hereford cattle and the heritage they have in the ranching industry and is proud of the herd of cows he has built up over the years.

AHA has started a 5 year partnership with Merck Animal Health to advance our producers knowledge of Merck Animal Health's products and protocols to help ensure a healthy herd. If you are interested in more of what Merck has to offer go to this link: <http://www.the-best-defense.com/primevac.aspx>

## AHA FIELD REP. UPDATE

Kevin Murnin

I like we can all agree 2020 has been a year we all will not soon forget. It has presented challenges across all segments of the beef industry that no one could have planned for. However, challenges create opportunity. It has been exciting to see the strong demand for Hereford genetics across the territory in these uncertain times.

The field staff at AHA has taken on a larger role in trying to help market commercial cattle. Whether it would be selling cattle out of the country or on the video, we have been working hard to open more avenues for these cattle. If you or any of your customers would like to discuss options on marketing their calves, please feel free to reach out to me I would be glad to discuss.

The Hereford Advantage program has been a very solid tool to help cattle realize their maximum value. The Hereford Advantage offers a third party verified Source and Age, Health, and Genetic verification. This program bundled with other value-added programs has led cattle to the top of the markets during the summer video sale season.

To learn more about the Hereford Advantage go to: [www.hereford.org/commercial/programs/hereford-advantage/](http://www.hereford.org/commercial/programs/hereford-advantage/)

I would like to let you know that the AHA has added an exciting new service to help advertise your genetics and get your program noticed DIGITALLY. We now offer a way for you to target people on social media and/or through ads that show up on digital devices. As we think about fall sale season I hope you check the Hereford Sales calendar on the website and also look through the catalogs that are posted there. If you have a catalog I would strongly suggest you posting it with Herefords On Demand. Herefords On Demand catalogs are cutting edge in providing a catalog with up to date EPD's and each lot can have support photos and a video. Also, don't forget to reach out to me if you are interested in building a catalog/mailer to utilize our mailing list or if you would like to place a banner ad on the AHA website.

I look forward to run in 2020/2021, and hope to see you down the road.

Thanks,

Kevin Murnin Field Representative

## NDHA PRESIDENT UPDATE

Carl Olson

I've gotta say it's definitely getting colder and the days are becoming shorter! We finished harvest early over here in the east in mid-October with no mud and dry corn - a welcome change from the last couple years!

Tis the season to give thanks! First of all, Thank you to Mrnaks for giving us a donation heifer for last years sale and also to the Strohs for offering one for this years event! Also - beyond that, we appreciate everyone who has donated heifers in the past and everyone who has purchased tickets and supported the donation heifer auction. It helps us to promote our great breed! Secondly, thanks to the Tinjum, Klein, and Weber families for their past memorial grants for our Junior Grant Program! Most importantly, we all owe a huge thanks to Joana for serving as our great secretary, making things go smoothly and keeping us organized. Personally, she makes my job easy - so thanks Joana! She is "The Straw That Stirs Our Drink!" Lastly, thanks for allowing me to serve as your president for the past two years.

So our main event is Saturday, December 5th in Valley City with the North Star Classic. This includes our annual meeting, banquet, donation heifer fundraiser, and sale. Also there is the open shows on Friday, pen shows on Saturday and Junior shows on Sunday! I always look forward to this time together as an association. Association is defined as a group of people organized for a joint purpose or common interest. Promoting Herefords is what it's about but I must say what I enjoy the most is the people and good times we always have. I'm proud to be associated with you all and the purpose we have.

Thanks and I look forward to seeing you in Valley City!  
Carl
